VCE MUSIC GROUP PERFORMANCE UNIT 2

Unit Description:

This unit further develops skills in practical music and performance in a musical group. Students learn and present a selection of works, develop aural comprehension skills and discuss the characteristics and styles of selected musical pieces.

Areas of study:

- performance skill development
- background of music works
- music craft

Outcomes:

On completion of this unit students should be able to:
1) demonstrate through performance the ability to play prepared and unprepared songs, riffs, rhythms and melodies and to improvise around them
2) analyse the structure and style of works selected and identify expressive features of the works
3) recognise and work with different scales, rhythms, intervals and chords

Assessment:

Satisfactory completion of this unit will be based on the student’s performance on the following assessment tasks:

1) solo, group and unprepared performances
2) a written report or an oral or multimedia presentation
3) a test that includes written, aural and practical components
